Tempo: NA

Strumming Pattern: DUDU (if you’d rather strum it)

Capo Fret 3

```
D                       A                                G
Why did she have to go, so young I just don't know why, things happen half
          A
the time, without reason without rhyme.
D                           A                        G
Lovely, sweet young woman, daughter wife and mother, makes no sense to me,
A
I just have to believe.
```

Chorus:

```
       D                       A                       G
She flew up to heaven on the, wings of angels by the, clouds and stars and
               A                   D                        A
passed where, no one sees and she, walks with Jesus and her, loved ones
                G                        A                  D – A – G - A
waiting and I, know she's smiling saying "Don't worry 'bout me"

D                           A                           G
Loved ones she left behind, just trying to survive and, understand the why,
  A
feeling so lost inside.
D                           A                          G
Anger shot straight at God, then asking for His love, empty with disbelief,
       A
just hoping that maybe…
```

Chorus:

```
       D                       A                       G
She flew up to heaven on the, wings of angels by the, clouds and stars and
               A                   D                        A
passed where, no one sees and she, walks with Jesus and her, loved ones
                G                        A                  D – A – G - A
waiting and I, know she's smiling saying "Don't worry 'bout me"

D                          A                       G
It's hard to say goodbye, her picture in my mind, they'll always be of
             A
times I'll cherish and I won't cry cause’
```

Chorus:

```
       D                       A                       G
She flew up to heaven on the, wings of angels by the, clouds and stars and
               A                   D                        A
passed where, no one sees and she, walks with Jesus and her, loved ones
                G                        A                  D
waiting and I, know she's smiling saying "Don't worry 'bout me"
A                 D    A                  D
Don't worry 'bout me, Don't worry 'bout me…”
