

Rebel Yell - Billy Idol

Tempo: to be safe stick at around 150 BPM (original is 168 - FAST!)

Strumming Pattern: Technically it's easiest to play all downstrokes, but I had issues with the E5 - D5 - A5 doing it that way (sorry, I was trying to make it SUPER easy) so instead I added at the end of every standard B5 verse a quick "DUD" before the A5 at times. If you do this, then the E5-D5-A5 at the end of each secondary verse line you'll find the change much easier.
