Intro: G - D - A - G-D

(D) G A D  
 I took off for a weekend last month, just to try and recall the whole year.  
 (D) G A D  
 All of the faces and all of the places, wonderin' where they all disappeared.  
 Bm F#m G A  
 I didn't ponder the question too long, I was hungry and went out for a bite.  
 G D A D  
 Ran into a chum with a bottle of rum and we wound up drinkin' all night.

G                  D  
It's these changes in latitudes, changes in attitudes  
A                          D  
Nothing remains quite the same  
          G                  D  
With all of our running and all of our cunning  
A                          G      D  
if we couldn't laugh we would all go insane

(D)                  G                  A                  D  
Reading departure signs in some big airport, reminds me of the places I've been  
(D)                  G                  A                  D  
Visions of good times that brought so much pleasure, makes me want to go back again  
          Bm                  F#m                  G                  A  
If it suddenly ended tomorrow, I could somehow adjust to the fall  
G                          D                  A                  D  
Good times and riches and son of a bitches, I've seen more than I can recall

          G                  D  
Changes in latitudes, changes in attitudes  
A                          D  
Nothing remains quite the same  
          G                  D  
Through all of the islands and all of the highlands...  
A                          G      D  
if we couldn't laugh we would all go insane

(D)                  G                  A                  D  
I think about Paris when I'm high on red wine, I wish I could jump on a plane  
(D)                  G                  A                  D  
So many nights I just dream of the ocean, God I wish I was sailin' again  
          Bm                  F#m                  G                  A  
Oh, yesterday's are over my shoulder, so I can't look back for too long  
          G                  D                  A                  D  
There's just too much to see waiting in front of me, and I know that I just can't go wrong

          G                  D  
With these changes in latitudes, changes in attitudes  
A                          D  
Nothing remains quite the same  
          G                  D  
With all of my running and all of my cunning  
A                          G      D  
If I couldn't laugh I just would go insane  
A                          G      D  
If we couldn't laugh we just would go insane  
A                          C      G      D      A-D  
If we weren't all crazy we would go insane
