

Positively 4th Street - Bob Dylan

Capo IV

D            Em  
You got a lotta nerve  
G                            D  
To say you are my friend  
                          A  
When I was down  
G            Bm            A  
You just stood there grinning

D            Em  
You got a lotta nerve  
G                            D  
To say you got a helping hand to lend  
    G  
You just want to be on  
                          Bm            A  
The side that's winning

D            Em  
You say I let you down  
G                            D  
You know it's not like that  
    A  
If you're so hurt  
G            Bm            A  
Why then don't you show it

D            Em  
You say you lost your faith  
G                            D  
But that's not where it's at  
    G            Bm  
You have no faith to lose  
    A  
And you know it

D            Em  
I know the reason  
    G                            D  
That you talk behind my back  
    A                            G            Bm  
I used to be among the crowd  
    A  
You're in with

D            Em  
Do you take me for such a fool  
G                            D  
To think I'd make contact  
    G            Bm  
With the one who tries to hide  
    A  
What he don't know to begin with

Positively 4th Street - Bob Dylan

D Em  
You see me on the street  
G D  
You always act surprised  
A G  
You say, "How are you?" "Good luck"  
Bm A  
But you don't mean it

D Em  
When you know as well as me  
G D  
You'd rather see me paralyzed  
G Bm  
Why don't you just come out once  
A  
And scream it

D Em  
No, I do not feel that good  
G D  
When I see the heartbreaks you embrace  
A  
If I was a master thief  
Bm A  
Perhaps I'd rob them

D Em  
And now I know you're dissatisfied  
G D  
With your position and your place  
G  
Don't you understand  
Bm A  
It's not my problem

D Em  
I wish that for just one time  
G D  
You could stand inside my shoes  
A  
And just for that one moment  
Bm A  
I could be you

D Em  
Yes, I wish that for just one time  
G D  
You could stand inside my shoes  
G Bm  
You'd know what a drag it is  
A  
To see you
