Am7 G C	C G Am7			
Am7 G C	C G Am7			

[Verse 1]

Am7 G C
Rotgut whiskey's gonna ease my mind
C G Am7
Beach towel rests on the dryin' line
Am7 G C
Do I remind you of your daddy in his '88 Ford?
C G Am7
Labrador hangin' out the passenger door
Am7 G C
The sand from your hair is blowin' in my eyes
C G Am7
Blame it on the beach, grown men don't cry
Am7 G C
Do you remember that beat down basement couch?
C G Am7
I'd sing you my love songs and you'd tell me about
Am7 G C
How your mama ran off and pawned her ring
C G Am7
I remember, I remember everything

[Chorus]

F C
A cold shoulder at closing time
G Am7
You were begging me to stay 'til the sun rose
F C
Strange words come on out
G Am7
Of a grown man's mouth when his mind's broke
F C
Pictures and passin' time
G Am7
You only smile like that when you're drinking
F C
I wish I didn't, but I do
G Am7
Remember every moment on the nights with you

F C G

[Verse 2]

Am7 G C
You're drinkin' everything to ease your mind
C G Am7
But when the hell are you gonna ease mine?
Am7 G C
You're like concrete feet in the summer heat
C G Am7
It burns like hell when two souls meet
Am7 G C
No, you'll never be the man that you always swore
C G Am7
But I'll remember you singin' in that '88 Ford

[Chorus]

F C
A cold shoulder at closing time
G Am7
You were begging me to stay 'til the sun rose
F C
Strange words come on out
G Am7
Of a grown man's mouth when his mind's broke
F C
Pictures and passin' time
G Am7
You only smile like that when you're drinking
F C
I wish I didn't, but I do
G Am7
Remember every moment on the nights with you

[Chorus]

F C
A cold shoulder at closing time
G Am7
You were begging me to stay 'til the sun rose
F C
Strange words come on out
G Am7
Of a grown man's mouth when his mind's broke
F C
Pictures and passin' time

G Am7
You only smile like that when you're drinking
F C
 I wish I didn't, but I do
 G Am7
Remember every moment on the nights with you
