[Intro]

G C/G G C/G

[Verse 1]

G C/G
Baby, close that suitcase you've been packing.
G C/G
Just sit down and talk to me a while.
Am7 C
I know you tried to tell me what was lacking,
Am7 D
But I guess I must have missed it by a mile.
G C/G
Well, this time girl, I swear to you I'll listen.
G C
Help me understand where I went wrong.
G/B Am7 C
It's hard to find myself in this position
Am7 D
Scared that I'll go crazy once you're gone.

[Chorus]

N.C. G C
Help me hold on ... to what we had.
Am7 D G
Once our love was strong ... it can be again.
G C
You said it takes two ... to make love last.
G/B Am7 D G
You were right all along ... so help me hold on.

[Interlude]

[Verse 2]

G C/G
 What have I got to do to make it better?
 G C/G
 What have I got to do to make you see,
 Am7 C
 that even though I promised you forever,
 Am7 D
 I never know how hard that would be?
 G C/G
 I realized I took your love for granted,
 G C
 But I've learned that love worth having don't come free.
 G/B Am7 C
 And I'll pay any price it takes to keep you
 Am7 D
 satisfied and staying here with me.

[Chorus]

N.C. G C
 Help me hold on ... to what we had.
 Am7 D G
 Once our love was strong ... it can be again.
 G C
 You said it takes two ... to make love last.
 G/B Am7 D G
 You were right all along ... so help me hold on.
