

Sweet Annie by Zac Brown Band

[Verse 1]

 E A E
I been burning bright so long I can't remember
E B
Pretty girls and late night bars seem to be my line of work
E A E
Believe me when I say, I can't stay this high forever
A E B E
This man's had all he can stand, time to lay this body down

[Chorus]

 E A E
Sweet Annie, can I stay with you a while
 A E B
'Cause this road's been putting miles on my heart
 E A E
Sweetheart, I've been livin' in a fantasy but one day lightning will strike
 A E B A E
And my bark will lose its bite but don't give up on me sweet Annie

[Verse 2]

 E A E
Sweet Annie, I know I promised you a life
E B
But with an empty bed and the words I said don't carry any weight
E A E
If I could take back yesterday, find a way to start it over
A E B E
Turn around, put that bottle down and pray it's not too late

[Chorus]

 E A E
Sweet Annie, can I stay with you a while
 A E B
'Cause this road's been putting miles on my heart
 E A E
Sweetheart, I've been livin' in a fantasy but one day lightning will strike

A E B A E
And my bark will lose its bite but don't give up on me sweet Annie
