

# Rearview Town by Jason Aldean

Capo 1st fret

## [Intro]

Am G F G

Am G F G

## [Verse 1]

Am G F  
Wipe the footprints off my dash  
G Am  
Tore up those sun-faded photographs  
G F  
Threw 'em in the wind, ya'll can have it back, I'm outta here  
  
Am G F  
I stuck my middle finger up in the sky  
G Am  
Flipped off that "ya'll come back" sign  
G F G  
Looked in the mirror one last time, and watched it disappear

## [Chorus 1]

Am G F  
It ain't nothin' but a rearview town  
G Am  
Broken hearts and rusted plows  
G F  
Roots ripped right up out of the ground  
G  
Never thought I'd ever leave it  
  
Am G F  
It ain't nothin' what it used to be  
G Am  
Population minus me  
G F  
On the other side of that dust cloud  
G Am G F G  
Ain't nothin' but a rearview town

[Verse 2]

Am G F  
I could tough it out but what's the use?  
G Am  
A place that small, it's hard to do  
G F G Am  
Too much of her to run into, and so much road to somewhere new

[Chorus 2]

It ain't nothin' but a rearview town

Broken hearts and rusted plows

Roots ripped right up out of the ground

Never thought I'd ever leave it

Am G F  
It ain't nothin' what it used to be  
G Am  
Population minus me  
G F  
On the other side of that dust cloud  
G Am G F G  
Ain't nothin' but a rearview town  
Am G F G

## [Bridge]

Am G F  
It ain't nothin' but a yesterday

G Am  
One less truck rollin' down Main

G F  
Ain't nothin' left to say

[Chorus 3]

Am G F  
No, it ain't nothin' what it used to be  
G Am  
Population minus me  
G F  
On the other side of that dust cloud

G                          Am    G    F  
Ain't nothin' but a rearview town  
                  G          Am    G    F  
Ain't nothin' but a rearview town
