

Sand In My Boots by Morgan Wallen

[Intro]

C G F C G C

[Verse 1]

G C F
She asked me where I was from
G C
I said "Somewhere you never been to"
Am F
Little town outside of Knoxville
G
Hidden by some dogwood trees
C F
She tried talkin' with my accent
G C
We held hands and waded into
G Am
That blue water
F G C
She left her flip-flops by my Red Wings on the beach

[Chorus]

C F C
Yeah but, now I'm dodging potholes in my sunburnt Silverado
F C G
Like a heart-broke Desperado, headin' right back to my roots
C F C
Somethin' 'bout the way she kissed me tells me she'd love Eastern Tennessee
F C G C
Yeah, but all I brought back with me was some sand in my boots

[Verse 2]

C F
I said "Let's go shoot tequila"
G C
So we walked back to that beach bar
Am F
She said "Don't cowboys drink whiskey?"
G
So we drank bottom shelf
C F
She said "Damn, that sky looks perfect"

I said "Girl, you've never seen stars like the ones back home"
And she said "Maybe I should, see 'em for myself"

[Chorus]

Yeah, but now I'm dodging potholes in my sunburnt Silverado
Like a heart-broke Desperado, headin' right back to my roots
Somethin' 'bout the way she kissed me tells me she'd love Eastern Tennessee
Yeah, but all I brought back with me was some sand in my boots

[Break]

Am C F Am C F

[Bridge]

I said meet me in the mornin'
And she told me I was crazy
Yeah, but I still thought that maybe she'd show up

[Chorus]

Oh, but now I'm dodging potholes in my sunburnt Silverado
Like a heart-broke Desperado, headin' right back to my roots
Somethin' 'bout the way she kissed me tells me she'd love Eastern Tennessee
Yeah, but all I brought back with me was some sand in my boots
Yeah, but all I brought back with me was some sand in my boots

[Outro]
