

# That's The Way Love Goes by Merle Haggard

[Verse 1]

G Dm G  
I've been throwing horseshoes  
C D  
Over my left shoulder  
C G  
I've spent most all my life  
A D  
Searching for that four-leafed clover  
G Dm G  
Yet you run with me,  
C D  
Chasing my rainbows  
C G  
Honey I love you, too  
D G  
And that's the way love goes

[Verse 2]

G Dm G  
That's the way love goes, babe  
C D  
That's the music God made  
C G  
For all the world to sing  
A D  
It's never old; it grows  
G Dm G  
Losing makes me sorry  
C D  
You say, "Honey, now don't worry."  
C G  
Don't you know, I love you, too  
D G  
And that's the way love goes
