

A Simple Song by Chris Stapleton

[Verse]

G  
Lately things are on my mind  
G D D/F#  
Good news is hard to find  
G  
And I work on the factory line  
G D A  
And all I do is stay behind  
G  
Call my mama like I should  
G D D/F#  
She says daddy ain't doing too good  
G  
Me and him should wet a line  
G D A  
Just can't seem to find the time

[Chorus]

G A D  
But I love my life  
G A D  
Man it's something to see  
G D A  
It's the kids and the dogs and you and me  
G A D  
It's the way it's alright  
G A Bm  
Everything goes wrong  
G A G  
It's a sound of a slow simple song

[Verse]

G  
Finally saved some money up  
G D D/F#  
'Til I had to fix my truck  
G  
Talked to brother the other day  
G D A  
He didn't have too much to say  
G  
Tryna quit these cigarettes  
G D D/F#

I can't seem to kick em yet  
G  
Sister got laid off last fall  
G D A  
And I got high cholesterol

[Chorus]

G A D  
But I love my life  
G A D  
Man it's something to see  
G D A  
It's the kids and the dogs and you and me  
G A D  
It's the way it's alright  
G A Bm  
Everything goes wrong  
G A G  
It's a sound of a slow simple song

[Chorus]

G A D  
Yeah I love my life  
G A D  
Man it's something to see  
G D A  
It's the kids and the dogs and you and me  
G A D  
It's the way it's alright  
G A Bm  
Everything goes wrong  
G A G  
It's a sound of a slow simple song
