

865 by Morgan Wallen

[Intro]

G Em7 Cadd9 x2

[Verse 1]

G

Jack D, there's a seven on the label

Em7 Cadd9

One glass on the living room table

G

Phone face down, church up loud

Em7 Cadd9

Was trying to drown you out tonight

G

But first sip, I could feel you on my shoulder

Em7 Cadd9

Tennessee heat had me feelin' colder

G

Thought a drink would get you off my mind but

Em7

Cadd9

This bottle tastes like

[Chorus]

G Em7 Cadd9

865-409-1021

G

Em7

Yeah, one last time don't think twice

Cadd9

D

Girl, just pick it up and come over

Em7

Give the bedroom door a little closure

Cadd9

I know I told you I wouldn't call and I tried

G

Em7

But this bottle tastes like 865 (409-1021)

Cadd9

G

Em7

[Verse 2]

G

You might think I don't really want you with me

Em7

Cadd9

You might tell me to empty out my whiskey
G
Or try changing what I'm holdin' in my hand
Em7 Cadd9
Try another liquor, try another brand
G
But it don't matter if I got my lips
Em7 Cadd9
on a different drink on a different night
G Em7
Yeah, the second that I take a sip all I'm gonna think is
Cadd9
This bottle tastes like

[Chorus]

G Em7 Cadd9
865-409-1021
G Em7
Yeah, one last time don't think twice
Cadd9 D
Girl, just pick it up and come over
