E|--3------3-------3--3----------------3--3---------|
```

[Verse 1]
```
         G
It's a beautiful day
          G
She's been cryin' all night, oh
         Am7
There's tears in her blues
      Am7
and bloodshot in mine
      D/F#
This bender's been bending
        D/F#
It's hellbound to break
    D/F#                  D7
My baby's had all she can take
```

[Chorus]
```
                            Am7     D/F#
So mister, I'll take your roses
                         G
if you cut off the the thorns
    D/F#           Em7
She can't take no more
           Am7
I'll buy violets and daisies
    D/F#
to hide all of the crazy
       G         D/F#        Em7
It's gonna take all you've got
          Am7                  D/F#                  G
Oh, it's a bad day for love but a good day for flower shops
```

[Verse 2]
       G
Well, I took some pills
      G
She took the dogs
          Am7
Oh, it's all gone to hell
         Am7
She's gone to her mom's
          D/F#   D/F#
Yeah, and I took up drinkin' since she took the time
     D/F#   D7
To tell me I took the best years of her life

[Chorus]
                              Am7   D/F#
So buddy, I'll take your roses
                            G
if you cut off the the thorns
     D/F#   Em7
She can't take no more
           Am7
I'll buy violets and daisies
     D/F#
to hide all of the crazy
      G   D/F#   Em7
It's gonna take all you've got
          Am7   D/F#   G
Oh, it's a tough day for love but a good day for flower shops

[Instrumental]
Am7   D/F#   G D/F# Em7

[Bridge]
Am7   D/F#
Roses are red, violets are blue
G   D/F#   Em7   Am7
I don't need one, I need one million to
      D/F#   G   Gsus   G
get you

[Chorus]

```
                          Am7       D/F#
So mister, I'll take your roses
                             G
if you cut off the thorns
     D/F#           Em7
She can't take no more
           Am7
I'll buy violets and daisies
     D/F#
to get back my baby
        G          D/F#        Em7
It's gonna take all you've got
           Am7                      D/F#                    G
Oh, it's a bad day for love but a good day for flower shops
```
