[Verse 1]
C   Em   D
  All we do right is make love
C   Em   D
  And we both know now that ain't enough

[Chorus]
C   G
  Ain't gonna beg you to stay
                        D
Ain't gotta ask you what's wrong

                              C
Ain't no reason running after something already gone
                  G
Take off your leavin' dress
                  D
Let's do what we do best

I guess everybody's got their way of moving on
