Don't Rock The Jukebox by Allan Jackson

[Chorus]

```
               G  C                    G
Don't rock the jukebox I wanna hear some Jones
                          G                    D
'Cause my heart ain't ready for the Rolling Stones
                      G      C             G
I don't feel like rockin' since my baby's gone
 C               G     D          G
So don't rock the jukebox play me a country song
```

[Verse]

```
                      C                    G
Before you drop that quarter keep one thing in mind
                   A                         D
You got a heartbroke hillbilly standing here in line
                  C                 G   C
I've been down and lonely ever since she left
                     G     D             G
Before you punch that number could I make one request
```

[Chorus]

```
               G  C                    G
Don't rock the jukebox I wanna hear some Jones
                          G                    D
'Cause my heart ain't ready for the Rolling Stones
                      G      C             G
I don't feel like rockin' since my baby's gone
 C               G     D          G
So don't rock the jukebox play me a country song
```

[Verse]

```
             C                    G
I ain't got nothing against rock & roll
                         A                        D
But when your heart's been broken you need a song that's slow
                           C                    G   C
There ain't nothin' like a steel guitar to drown a memory
```

```
                   G             D                 G
Before you spend your money babe play a song for me

[Chorus]

                   G  C                        G
Don't rock the jukebox I wanna hear George Jones
               G                       D
My heart ain't ready for the Rolling Stones
                 G     C              G
I don't feel like rockin' since my baby's gone
 C               G     D            G      C
So don't rock the jukebox play me a country song
                 G     D              G
So don't rock the jukebox play me a country song
```
