Try A Little Kindness by Glen Campbell

[Intro]
| D       | D   C G | (x4)

[Verse 1]
      D                   G             D
If you see your brother standing by the road
              A   G               D
With a heavy load from the seeds he sowed
          D               G           D
And if you see your sister falling by the way
              A   G                       D
Just stop and say "you're going the wrong way"

[Chorus]
                A                       G           D
You've got to try a little kindness, yes, show a little kindness
     G                 D         A
Just shine your light for everyone to see
           G                           D           Bm
And if you try a little kindness then you'll overlook the blindness
        G         A        G     A    (D)
Of the narrow-minded people on the narrow-minded streets

[Instrumental]
| D       | D   C G | (x4)

[Verse 2]
D           G               D                   A   G         D
  Don't walk around the down and out, lend a helping hand instead of doubt
          D               G         D             A   G           D
And the kindness that you show every day will help someone along their way

[Chorus]
                A                       G           D
You've got to try a little kindness, yes, show a little kindness
     G                 D         A
Just shine your light for everyone to see
           G                           D           Bm
And if you try a little kindness then you'll overlook the blindness
        G         A        G     A    D       C G D
```

Of the narrow-minded people on the narrow-minded streets

```
                   A                           G            D
You've got to try a little kindness, yes, show a little kindness
     G                   D         A
Just shine your light for everyone to see
            G                              D           Bm
And if you try a little kindness then you'll overlook the blindness
        G           A         G     A    (D)
Of the narrow-minded people on the narrow-minded streets
