

Fretboard Memory - E-Book Agenda

Each day, you will want to spend a little time on each note that you see. By ONLY focusing on ONE note a day, you can guarantee to grasp each and every note, from the Low E String, all the way to the High E String, covering all 12 frets.

You will see a number beside the pictures below. That number represents the fret number that the note is played on. For example, On Day 1, you need to memorize that on the first fret of the Low E String, that note is an F.

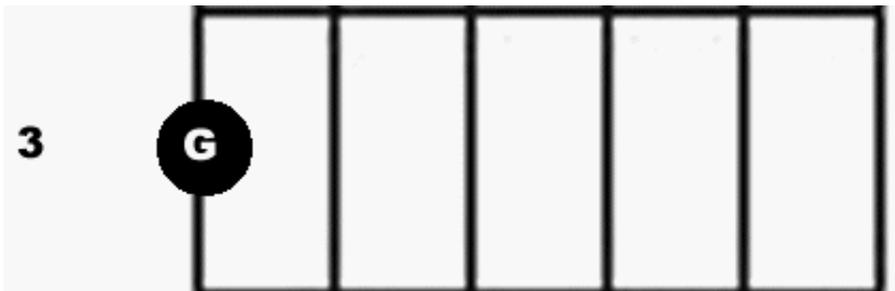

We assume that you will read this from left to right, and that we are in standard tuning. (E, A, D, G, B, E)
