

# How To Improvise Blues Guitar Solos

Standard tuning

$\text{♩} = 120$

This is the Am Pentatonic Scale

Use the notes on this scale and you can create

some great blues licks.

See, anyone can do it.

el.guit.

But simple things like that can get boring.

Lets try adding some hammer on's

See, more intesting already.

But lets try some new techniques

Lets try Pull offs

Now its Starting to take shape

But what would any blues lick be without a slide?

This is starting to sound good.
