

Take Me Home Country Roads by John Denver

[Verse 1]

G                    Em                    D                    C                    G  
Almost Heaven; West Virginia, Blue Ridge Mountains, Shenandoah River.  
G                    Em                    D  
Life is old there, older than the trees, younger than the mountains,  
C                    G  
Growin' like a breeze.

[Chorus]

G                    D                    Em                    C  
Country Roads, take me home, to the place, I belong,  
G                    D                    C                    G  
West Virginia, mountain mama, take me home, country roads.

[Verse 2]

G                    Em                    D                    C                    G  
All my memories gather 'round her, miner's lady, stranger to blue water.  
G                    Em                    D  
Dark and dusty, painted on the sky, misty taste of moonshine,  
C                    G  
Teardrop in my eye.

[Chorus]

G                    D                    Em                    C  
Country Roads, take me home, to the place, I belong,  
G                    D                    C                    G  
West Virginia, mountain mama, take me home, country roads.

[Bridge]

Em                    D                    G  
I hear her voice in the morning hour she calls me,  
C                    G                    D  
The radio reminds me of my home far away.  
Em                    F                    C  
And driving down the road I get a feeling  
G                    D                    D7  
That I should have been home yesterday, yesterday.

[Chorus]

N.C.        G                            D                            Em                            C  
Country Roads, take me home, to the place, I belong,  
              G                            D                            C                            G  
West Virginia, mountain mama, take me home, country roads.  
              G                            D                            Em                            C  
Country Roads, take me home, to the place, I belong,  
              G                            D                            C                            G  
West Virginia, mountain mama, take me home, country roads.  
              D                            G                            D                            G  
Take me home, down country roads; take me home, down country roads
