

Heal The World - Michael Jackson

Chords Used:

A : x02220
Bm : x24432
C#m : x46654
D : xx0232
E : 022100
F#m : 244222
G : 320033

Fingerstyle Idea: What you're looking for here is the lower notes picked out with your thumb. This includes any notes on the Low E, A, and D strings, depending on the chord. The rest of the fingerings can be alternated with your 1st and 2nd fingers. If you are able to do so you can also include your 3rd finger for the High E notes. If not your 1st and 2nd fingers will work fine because most of the chords here are barre chords. Be sure when you play the "...be God's glow" part you do a simple D, D, D and hold the last downstroke for a second.

INTRO: A - Bm - C#m - Bm
