

Everlong - Foo Fighters

Tuning: Drop D (DADGBE)

Tempo: 140 bpm

Strumming Pattern: D, DD, DDD, DD, DD, DDDD

(all downstrokes makes it MUCH easier - chord changes are RIGHT on with lyrics)

Additional Note: I didn't get into the whole 'theory' as to why the chords below are named as they are. This is the way I learned it years ago (directly from this sheet) so I thought it would be easy for you as well.
