(Here you can just play around with different ideas, such as the natural harmonics or
just repeating the strumming of the two measures above.)

To keep you on track, I will be labeling the verse using the lowest FRETTED note on
the D string, which is tuned to E.

VERSES   (all verses are played the same, no chord for the first half,
------      and then the strumming pattern below for the second half)

```
