

Your Cheatin Heart by Hank Williams

[Intro:]

G7 C

[Verse 1:]

          C                          F  
Your cheatin' heart will make you weep  
          G                          C  
You'll cry and cry and try to sleep  
          C                          F  
But sleep won't come the whole night through  
          G                          C  
Your cheatin' heart will tell on you

[Chorus:]

          F                          C  
When tears come down like fallin' rain  
          D7                          G  
You'll toss around and call my name  
          C                          F  
You'll walk the floor the way I do  
          G7                          C  
Your cheatin' heart will tell on you

[Interlude:]

C F G (x2)

[Verse 2:]

          C                          F  
Your cheatin' heart will pine some day  
          G                          C  
And crave the love you threw away  
          C                          F  
The time will come when you'll be blue  
          G                          C  
Your cheatin heart will tell on you

[Chorus:]

          F                          C  
When tears come down like fallin' rain  
          D7                          G  
You'll toss around and call my name  
          C                          F  
You'll walk the floor the way I do
