

Quick Notes: Whole Lotta Love – Led Zeppelin

Tempo: about 90 bpm (also included is 70 and 80 bpm)

I covered the intro, verse, and chorus theme, which are provided below. I've also included all the diagrams used. I don't think anything that I demonstrated needs any fingering suggestions, but I would be sure to pull up the full score PDF for the note values used. The counting method I demonstrated is shown below, so feel free to use it if it helps you. I've got a weird way of counting/thinking when I approach a riff (or strumming song) but it just might work well for you.

Intro:

PM-----| PM-----| PM-----| PM-----| PM-----| PM-| PM

1 2 3 4 5 6 7 8

Verse (same as intro - just shortened)

PM-----| PM-----| PM

Chorus (Basic Version)

(Slidey Version)

PM-----| PM-----| ~~~~~

sl.
